

Ribbon Instructions for Use

Producer: WINMED

1. Purpose of the Ribbon

Ribbon is a functional and aesthetic element designed for medals. Thanks to its durable material, it allows the medal to be worn comfortably and securely. The ribbon can be slipped or stapled onto the holders at the top of the medal for easy installation.

2. Ribbon Instructions for Use

2.1. Storage

- 2.1.1. Store the ribbon in a dry place, away from moisture, to prevent deformation or weakening of the thread structure.
- 2.1.2. Protect the ribbon from direct sunlight, which can cause color fading.
- 2.1.3. Avoid storing in areas with large temperature fluctuations, which can affect the durability of the material.
- 2.1.4. Keep the ribbon away from sources of open flame and high heat, as the synthetic material can be flammable.

2.2. Cleaning

- 2.2.1. Clean the ribbon with a soft, dry cloth to remove dust and dirt.
- 2.2.2. For major dirt, gently wash the ribbon with water and mild detergent, then let it dry completely at room temperature.
- 2.2.3. Do not use cleaners containing caustic substances or alcohol, which can damage the synthetic material.

2.3. Service

- 2.3.1. When slipping the ribbon onto the medal holders, make sure the holder is clean and properly aligned with the width of the ribbon.
- 2.3.2. If the ribbon needs to be stitched, make sure the stitches are strong and aesthetically pleasing to avoid accidental ripping.
- 2.3.3. Avoid strong jerks or excessive strain on the ribbon, which can lead to damage to the ribbon.

3. Warnings

- 3.1. Ribbon made of synthetic materials can be flammable. Avoid contact with open flames or hot objects.
- 3.2. Keep product out of reach of small children.
- 3.3. Overstretching or improper use can lead to ribbon damage.
